

# ICPO MEMBERS UPDATE – FEBRUARY 2023

Dear Valued ICPO Member,

We are delighted to share here an update on how the ICPO Foundation is living up to its mission of growing global patient access to Radiomolecular Precision Oncology in a collaborative and inclusive fashion. This is also a unique opportunity to **express our gratitude for your continued support and passionate involvement.**

## TOP EVENTS TO KEEP IN MIND

- Opening Ceremony of the Melbourne Theranostic Innovation Centre (MTIC), flagship site of our partner PreMIT, Melbourne Australia, February 16, 2023**

MTIC is providing Precision Oncology imaging and therapies for most accurate diagnosis, individualized treatment planning and best possible patient outcomes and will function as a reference center for the ICPO international Theranostics Centers network. First patients have been imaged and treated days from Siemens Biograph Vision Quadra commissioning.

[MTIC | Melbourne Theranostic Innovation Centre](#)

- Save the date for the 3rd ICPO Forum for Theranostics in Precision Oncology, Munich Garching: October, 12-13 2023**

At this year's two-day onsite event, we will address how shared synergies can be leveraged to improve patient access to RPO and the impact innovations in the field will have on cancer patients today and in the future.

# ICPO MEMBERS UPDATE – FEBRUARY 2023

## KEY ACTIVITIES IN PIPELINE

- **NEW ICPO Key Visual released in December 2022**  
... Stay tuned until you visit our booth at ENETS Annual Conference, Vienna, March, 22-24

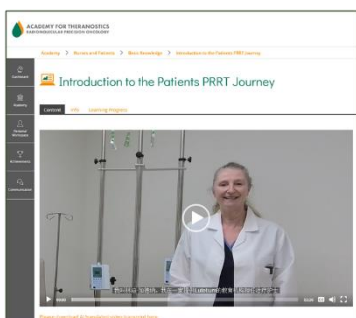

and later in June at SNMMI, in September at EANM and of course at the ICPO Forum!

- **ICPO Patient Access and Centers Steering Committee is being established** as a group of world-class Theranostics experts who will develop ICPO Centers selection and inclusion criteria as well as establish future standards for the ICPO network expanding from the currently proposed practice guidelines/procedure standards by SNMMI, EANM, IAEA, IAC, ... In parallel ICPO is working on the **Social Franchise Model** that would sustain the ICPO network in a self-amplifying and collaborative approach.

- **Testing phase of ICPO Academy for Theranostics on the way**  
Our e-learning curriculum for HCPs, namely called ICPO Academy for Theranostics, has taken an active turn towards users as Beta testing in pilot clinics in China is successfully completed, Chinese translation is in progress. Full size pilot testing phase can begin in April 2023, with 400 Chinese clinicians to take part by the end of 2023.

## ICPO MEMBERS UPDATE – FEBRUARY 2023

- **First edition of NEW focused scientific series: “ICPO Education Series / FAP”**

Building on the huge success of the ICPO Theranostics FAP Summit last November 2022, ICPO allows access to an on-demand video platform featuring focused scientific series. Available anywhere, anytime for anyone who wants to learn the latest on the hot topic of Fibroblast Activation Protein (FAP) directly from world-renowned experts!

### RECENT SCIENTIFIC GRANTS – FUNDED THANKS TO PATIENT DONATIONS

- **Charité – University Medicine Berlin. Dr. Sebastian Wolfshöfer:**  
*“How to optimize PSMA directed- Radioligand Therapy, Characterization of benfo-oxythiamine as a radiosensitizer and analysis of the functional role of Transketolase-like protein 1 in metastatic castration-resistant prostate cancer”*  
 Duration: October 2022 – September 2024 - **Amount: € 100.000,00**
- **University of Singapore, Dr. Vivianne Jakobson, Prof. Jingjing Zhang:**  
*“FAP Theranostics- Cancer-Associated Fibroblasts (CAFs)-Targeted Imaging and Therapy and Combination with Immunotherapy or Chemotherapy (including also other radioligands)”*  
 Duration: November 2022 – May 2023 - **Amount: € 50.000,00**
- **Inselspital, University of Bern, Lab for Artificial Intelligence & Translational Theranostics (AITT), University of Clinic for Nuclear Medicine, Prof. Kuangyu Shi, Prof. Axel Rominger:**  
*“AI for Treatment Planning of Radioligand Therapy, Pre-therapy Prediction of Dosimetry for Personalized Treatment Planning of Radioligand Therapy”*  
 Duration: March 2023 – March 2024 - **Amount: € 50.000,00**

## ICPO ORGANIZATION DEVELOPMENT

- Congratulations to Professor Rodney Hicks, CMO & Board Chair at PreMIT, Melbourne, Australia on his appointment as:

*Chairman of the ICPO Patient Access & Centers Steering Committee*

- Opening of 3 new roles to grow the ICPO team:

ICPO Centers & Patient Access Director (f/m/d) [ICPO Centers & Patient Access Director \(m/w/d\) \(icpo.foundation\)](#)

ICPO Community & Communications Manager (f/m/d) [ICPO Community & Communications Manager \(m/w/d\)](#)

ICPO Fund Raising and Marketing Specialist/Manager (f/m/d) [ICPO Fund Raising and Marketing \(m/w/d\)](#)

PDF job posts also available. If you know of someone who might be a perfect fit with our mission, please reply directly to this email.

Looking forward to meeting you in person or online in the near future, we remain at your disposal and would be **glad to discuss any innovative idea or potential projects** you may want to share with us!

Sincerely,

Your ICPO Team
