

ICPO Foundation Newsletter

February 2025 Edition

Dear ICPO Friends and Partners,

We are pleased to present you with exciting news and developments from the ICPO Foundation! We have made significant progress in recent weeks and welcomed five new ICPO Collaborating Center in Eurasia and Latin America to our network. These expansions are an important step in improving access to theranostics and increasing the quality of life for cancer patients.

Our CEO, Odile Jaume, had the opportunity to exchange ideas with theranostics centers in Essen, Germany and Cairo, Egypt. Together with her team, they discussed sustainable development perspectives regarding the accreditation of theranostics centers and the global standardization of clinical practices.

Another highlight is just around the corner: The 4th ICPO Forum for Theranostics in Precision Oncology! We look forward to welcoming you to the Science Congress Center in Garching, near Munich on May 15 & 16, 2025. Take the opportunity for stimulating discussions and exchange ideas with colleagues from the global ICPO community.

Don't miss out and view our new patient interview with neuroendocrine tumor patient [Tordys von Feder](#).

After a successful participation in the Egyptian International Theranostics Summit in Cairo, Egypt, we look forward to meeting you at the upcoming ENETS, UroTerag LATAM, ALASBIMN, ISRT and ARSNM congresses .

Thank you for supporting our mission in shaping a new era of cancer care!
With best wishes,

Your
ICPO Foundation team

4th ICPO FORUM

WHERE YOU MEET US

Cairo, Egypt, Jan 22-23, 2025 (past)

ICPO Foundation joined the Egyptian International Theranostics Summit 2025

With the title "Theranostics. Explained. – from Basics to Advanced", the Scientific and Organizing Committee around Dr. Yehia Omar, Director of PET/CT and Theranostics Unit of Misr Radiology Center in Cairo and Doha Tantawy, COO, provided a brilliant platform for insights into the current and future landscape of theranostics in the Middle-East and Africa (MEA) region. The ICPO Foundation contributed to the program with inspiring talks from Prof. Baum and Odile Jaume. [More info.](#)

Cancun, March 11 -12, 2025 (coming up)

ICPO participates in the UroTerag LATAM conference in Cancun, Mexico

The collaboration between the ICPO Foundation and UroTerag LATAM marks a significant milestone in advancing radiotheranostics in Latin America. This collaboration highlights the critical role of shared expertise in medical innovation to scale patient access to theranostics. [More info.](#)

Cancun, Mexico, March 13-16, 2025 (coming up)

ICPO Foundation will join the ALASBIMN congress in Mexico

The ICPO Foundation is excited to participate in the ALASBIMN Congress in Cancún – the most important gathering for nuclear medicine and molecular imaging in Latin America taking place on a multi-annual basis. By being present, we strengthen ICPO’s cooperation with professionals from the region, identify new ICPO Collaborating Centers and promote our ICPO Academy for Theranostics. [More info.](#)

The mission of the ICPO Foundation

Cancer is one of the most significant health challenges of our time and the need for more effective treatments is pressing. Recognizing a paradigm shift in cancer care from one size fits all to a personalized approach, the ICPO Foundation’s aim is to gain momentum for Radiotheranostics in cancer care worldwide and scale global patient access to this innovative therapy. Radiomolecular Precision Oncology is a highly targeted therapy with low side effects, improved efficacy and patient outcomes.
